

## TABLE OF WEEKLY BENEFIT AMOUNTS AND MAXIMUM AMOUNTS

**WEEKLY BENEFIT AMOUNT:** Your Weekly Benefit Amount is determined by dividing your High Quarter Earnings by 26 and rounding the answer to the next lower dollar. The Weekly Benefit Amount, however, cannot be less than \$30 or more than \$230. To find your Weekly Benefit Amount on the chart, locate the line in Column A which includes your High Quarter Earnings. Your Weekly Benefit Amount will be found on the same line in Column B.

**QUALIFYING AMOUNT:** To qualify for benefits, your total earnings during your Base Period must equal at least 40 times your Weekly Benefit Amount. Your qualifying amount can be found in Column C on the same line with your Weekly Benefit Amount.

**MAXIMUM BENEFIT AMOUNT:** The maximum amount of benefits that can be paid to you during your Benefit Year is 26 times your Weekly Benefit Amount or one-third of your total wages during your Base Period, whichever is the lesser. Twenty-six times your Weekly Benefit Amount can be found in Column D on the same line with your Weekly Benefit Amount. If one-third of your total wages in your Base Period is more than the amount shown in Column D, then the amount shown in Column D is your Maximum Benefit Amount. However, if one-third of your total wages in your Base Period is less than the amount shown in Column D, then the former amount is your Maximum Benefit Amount.

A Wages in Highest Quarter	B Weekly Benefit Amount (1/26 <sup>th</sup> of Amount in Column A)	C Qualifying Amount (40 X Weekly Benefit Amount)	D Maximum Benefit Amount (26 X Weekly Benefit Amount)	A Wages in Highest Quarter	B Weekly Benefit Amount (1/26 <sup>th</sup> of Amount in Column A)	C Qualifying Amount (40 X Weekly Benefit Amount)	D Maximum Benefit Amount (26 X Weekly Benefit Amount)
